INDEPENDENT AUDITORS' REPORT

Board of Directors
Washington Finance Officers Association
Seattle, Washington

Report on the Financial Statements

We have audited the accompanying financial statements of Washington Finance Officers Association (a nonprofit organization), which comprise the statements of financial position as of December 31, 2014 and 2013, and the related statements of activities and changes in unrestricted net assets and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Washington Finance Officers Association as of December 31, 2014 and 2013, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Net cash provided by operating activities	\$ 27,853	\$ 86,114

Washington Finance Officers Association

Notes to Financial Statements

NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Organization:

Washington Finance Officers Association (the Organization), a nonprofit corporation, promotes excellence in governmental finance in the state of Washington through leadership, education, and communication for the public benefit. To accomplish its mission, the Organization conducts an annual conference, numerous seminars and classes, and facilitates cooperation and exchange of information among members.

Summary of Significant Accounting Policies:

Financial statement presentation: The Organization reports information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. The Organization had no temporarily or permanently restricted net assets at December 31, 2014 and 2013.

Basis of presentation: Accounting principles generally accepted in the United States of America allow the Organization to treat as unrestricted any restricted revenue where the restrictions are met in the same year. The Organization has elected to follow that reporting method. As a result, restricted revenue received in the same period the restriction is met is recorded as unrestricted.

Cash and cash equivalents: For the purpose of the statements of cash flows, the Organization considers highly liquid investments purchased with a maturity of three months or less to be cash equivalents. The Organization maintains its cash in bank accounts with financial institutions. Cash balances may exceed amounts insured by the Federal Deposit Insurance Corporation at various times during the year; management does not consider this to be a significant risk.

Receivables: Receivables are carried at the original amount, less an estimate made for doubtful accounts based on a review of all outstanding amounts on an annual basis. Management determines the allowance for doubtful accounts by identifying troubled accounts and by using historical experience applied to an aging of accounts. Receivables are written off when deemed uncollectible. Recoveries of receivables previously written off are recorded when received. No allowance was considered necessary at December 31, 2014 and 2013.

Financial instruments: At December 31, 2014 and 2013, the carrying value of the Organization's financial instruments approximated fair value.

Revenue recognition: The Organization's revenue is largely derived from membership dues, training classes, and the annual conference. Membership dues are recognized as revenue in the applicable membership period. Training and conference registration fees are recorded when earned. Refunds are recorded as a reduction to revenue in the appropriate period.

Washington Finance Officers Association

Notes to Financial Statements

NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Summary of Significant Accounting Policies (continued):

Communication and newsletter: During the year ended December 31, 2014, the Organization incurred \$20,980 in expenses related to major website enhancements.

Federal income tax: The Internal Revenue Service has determined that the Organization is exempt from federal income tax under Internal Revenue Code Section 501(c)(3). The Organization is not a private foundation under the Section 509(a) of the Internal Revenue Code. Accordingly, no provision has been made for federal income tax in the accompanying financial statements.

The Organization is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management believes it is no longer subject to tax examinations for years prior to 2011.

Allocations of functional expenses: The costs of providing various programs and other activities have been summarized on a functional basis in the statements of activities and changes in unrestricted net assets. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

Reclassifications: Certain amounts in the 2013 financial statements have been reclassified to conform to the 2014 presentation with no effect on previously reported changes in net assets.

NOTE 2 – DEPOSITS:

The following are the deposits, which are conference expense prepayments, on December 31:

Deposits for future conferences:	2014	2013
2014 conference	\$ -	\$ 15,846
2015 conference	28,575	5,000
2016 conference	1,800	1,800
Total deposits for future conferences	<u>\$ 30,375</u>	<u>\$ 22,646</u>

Washington Finance Officers Association

Notes to Financial Statements

NOTE 3 – FINANCE CONTRACT FEES:

In March 2007, the Organization entered into a master-financing contract with the Washington State Treasurer's Office. The agreement provides financing to support the State's consolidated program of lease and purchase of real and personal property for state and local agencies. Financing contracts and certificates are issued under the agreement. Financing contracts establish rental payments in amounts sufficient to satisfy principal and interest payments due on the certificates, and other responsibilities of the contracting parties. The certificates are payable solely from the payments of the state or local agency and the State of Washington contingent upon their ability to appropriate funds. The title to property is retained by the respective agency subject to a security interest for performance and payment of principal and interest. The Organization receives fees as the nominal lessor when certificates are sold to state agencies.

The Organization entered into various supplemental agreements, which assigned their rights to rental payments and security interest to a fiscal agent (a commercial bank). Ultimate risk of loss lies with the fiscal agent.

The Organization earned finance contract fees related to this agreement totaling \$6,000 and \$9,500, for the years ended December 31, 2014 and 2013, respectively.

NOTE 4 – SUBSEQUENT EVENTS:

Subsequent events have been evaluated by management through July 9, 2015, which is the date the financial statements were available to be issued.
